### TOOLS IN MY POSSESSION BELONGING TO TOWN

Two crowbars, 2 shovels, 5 picks, 2 barn forks, 2 stone rakes, 5 bush scythes, 4 snaths.

This year part of your money was spent for cutting about 23 miles of bushes and hauling grade as per the following: 37, Gorham Pond road; 64, Guinea road; 17, Long Pond road; 8, Kimball Pond to Little's; 40, Stark Cem. to Ireland Cor.; 29, Garvin Cor. to foot of Mills hill; 43, town to Crane place; 5, store to Weare line; 11, Stark Cem. to Hop line; 13, Rea road; 16, Prof. Burnham's to Bow line; 140, new road; 122, Page Cor. to Weare line; 39, Kimball Pond to Chase's Cor.; 64, Kimball Pond to Marky Cor.; 132, Morse to McCrillis; 68, Kimball Pond bridge (a fill); 125, Wheeler road; 21, Morse road; 48, Haynes

to Morse; 8, Page Cor. to Hop line; 48, around Dudley's to Haines'; 14, Gourley's Cor. to Weare line; 8, around Common; total, 1,182.

Just a word about your tractor. The cost of opening the roads is a little less than half when compared with the old way. That means just this: If you have to plow five times, you will save enough to pay 5 per cent on the money invested and have anywhere between \$30 and \$100 left over for upkeep.

### THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of  
Dunbarton, N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the 10th day of March, 1928, at 10 o'clock in the forenoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To see what action, if any, the district wishes to take regarding the minimum age limit for school attendance.

10. To see what action the district will take in regard to purchasing new seats and desks.

11. To see what action the district will take in regard to the deficit of 1927 and 1928.

12. To transact any other business that may properly come before said meeting.

Given under our hands at said Dunbarton, N. H., this 11th day of February, 1928.

## REPORT OF SCHOOL BOARD

---

*To the Inhabitants of the School District of Dunbarton:*

Your School Board submits its annual report for the year beginning July 1, 1926, up to the present time.

We appreciate the earnest effort made by teacher and pupils of the Center in recently installing electric lights in the school.

Some repair work and remodeling were done this year. The Waite school building was painted outside, and the school building at South Dunbarton shingled. New windows were built in the school house at Montalona in order to produce better lighting effect.

The teachers and superintendent have worked hard to have a successful school year, and their labors to make our schools efficient have been successful.

A great sadness has befallen us in the loss of our school treasurer, Frederick Ireland, and auditor, Oliver Bailey. They served faithfully and efficiently.

WESTON P. LORD,

EVA A. TUCKER,

MARY C. BARNARD,

*School Board.*

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the School Board of Dunbarton:*

I herewith submit my sixth annual report.

The statistical tables which form a part of this report give a brief summary of the general condition and standing of the schools.

The records for attendance and accomplishment compare favorably with the high standards of the past two years. The number of cases of tardiness has been reduced from 462 to 224; a very decided improvement. I trust we shall be able to make still further improvement during the current school year.

We were especially favored during the past year in having a large graduating class, all members of which were centrally located, and thus able to meet often as a class for work on class functions and social good fellowship. Much credit is due our faithful teachers, who cooperated so heartily in making their last term a very pleasant one. The idea of a special school during the last half-year for the graduating class was expressed a great many times. I believe this plan possible and entirely practicable. In any case it is worth thinking about. The Center building could, at comparatively small expense, be made into a two-room school and so make a good room for the graduating class, and a much better room for the regular school work.

Miss Osgood and her children at the Center are to be congratulated on their fine community spirit in raising money for electric lights for their school. They did not lie down and ask for what they wanted, but worked and earned it for "*our school*."

The improvements at Montalona make it possible for all the children to have good light and adequate ventilation. I recommend that the blackboard space be still further increased and that the walls and ceiling be completely renewed. A good wall board, like Sheet Rock, properly

installed and painted, would, I believe, give better service than plaster. The school room could be made larger, which would be very advantageous, by removing a partition and extending the room back to the shed. The toilets, which are inadequate and not very sanitary, should be relocated and rebuilt as soon as possible.

The Waite school room, with the large number now enrolled, is not sufficiently well lighted; more window space would be advisable. Removal of one of the maple trees near the building is absolutely necessary in order to secure the best possible light, with the windows as at present arranged. While we do not choose to cut beautiful shade trees, we must consider the children's welfare, especially their eyesight, as of greater importance.

There is great need of new seats and desks in all five schools. Sufficient new and up-to-date equipment would cost about \$700. I recommend that the matter be carefully considered and such action taken as seems best.

I am pleased to report that we are now able to give our eighth grade pupils Junior High School Algebra and Literature that begins to compare favorably with generally accepted standards. Better trained teachers, new text books and improved methods have made these desirable achievements possible.

In the death of Oliver Bailey, who served the School District as auditor, and Frederic L. Ireland, who served as moderator and treasurer, we have suffered an irreparable loss. The business positions they filled so efficiently and acceptably can be carried on with little interruption by others, but each one of us and the schools in general have lost kindly, helpful friends who cannot be replaced.

In closing I wish to thank all who have served so faithfully and diligently in the interests of the children and their community.

Respectfully submitted,

GAIUS H. BARRETT,

*Superintendent.*

The following is a report of the work done with the babies and pre-school children the past year under the direction of the State Board of Health, Division Maternity, Infancy and Child Hygiene, in cooperation with the Community Club and townspeople:

Forty children were examined. Twenty-one children found with defects. Twenty-eight defects found with these children. Three of these corrections were made and five infant care demonstrations given mothers. Most every defect found at the conference of the previous year was cared for, making a very high percentage of perfect babies for the town.
